

ELLIE's MATH DIARY

Dear Diary,

Today I was playing with my toys. I had 7 teddy bears on my bed.
Then, I went to eat a snack. Yum!
When I went back to the room, there were only 4 teddy bears on my bed!
I want to know how many teddy bears are gone.
I need help diary!

Love, Ellie

Help Ellie solve her problem!

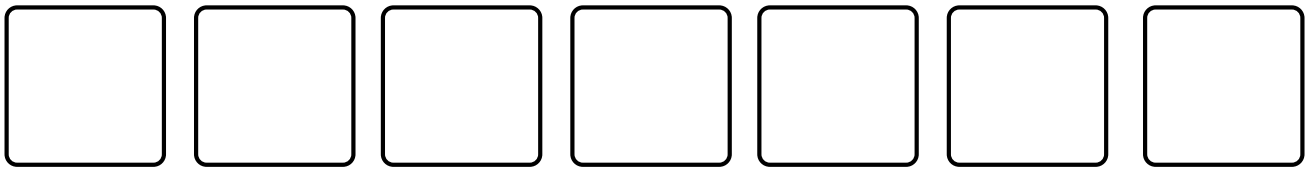

Step 1: What do we know?

How many teddy bears did Ellie have at first? _____

How many teddy bears were left?_____

Step 2: Show your work.

Draw 7 teddy bears. Then cross out the ones that are gone.

Step 3: Write The Number Sentence

7 − 4 = ☐

Step 4: Write your answer.

How many teddy bears are gone?

My answer: _____ teddy bears.
